# Eave/Rake Starter Strip

**Pre-cut Eave/Rake Starter Strips Are One Of The Most Overlooked Parts Of A Roofing System!**

That's because it's easy for a contractor to use a cut-up shingle as the "starter" course on your roof. Unfortunately, cut-up shingles may not have properly positioned adhesive to ensure adequate wind resistance. Using a pre-cut eave/rake starter strip will:

- Provide a cost-effective alternative to using cut-up shingles as your starter course
- Include a high-quality, properly positioned adhesive that will tightly lock your shingles in place to help prevent blow-off
- Be easy to use and install, with no cutting on the roof

WeatherBlocker™ Eave/Rake starter strip is a key part of the GAF-Elk Smart Choice® Roof System Solution (see reverse).

# WEATHERBLOCKER™

## Premium Eave/Rake Starter Strip

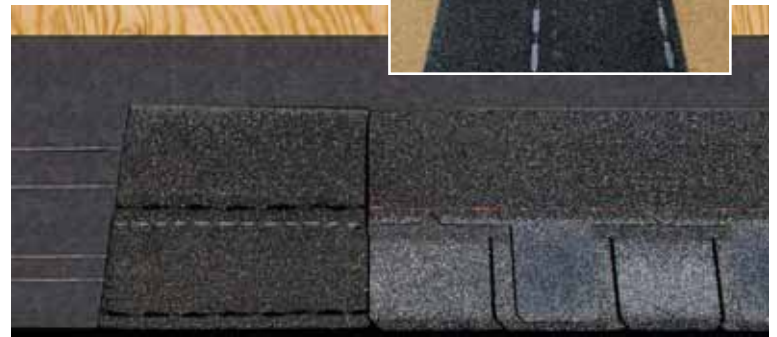

### Homeowner's Best Choice

- **Versatile...** Can be used with most English, metric, premium and oversized shingles.
- **Great Performance...** Dura Grip® adhesive locks the first course of shingles in place, reducing the risk of shingle blow-off.
- **For Maximum Protection...** Also install along rake edges to help protect shingles from wind uplift (and avoid the mess of hand-sealing the rake edges).

### Professional's Best Choice

- **Saves You Time & Labor...** No more wasted time cutting thick laminated shingles—allowing you to offer greater homeowner value.
- **Eliminates Waste...** No need to waste premium shingles for starter strips.
- **Safer...** Perforated design eliminates cutting.

when used with shingle exposures **greater than 6"**  
use entire strip

when used with shingle exposures **up to 6"**  
tear in half along perforation

### Product Specifications (Nom.)

Product Size . . . . .(full sheet) 17" x 40"  
(half sheet) 8.5" x 40"

Bundle Count . . . . . 15 pieces (full sheet)  
30 pieces (half sheet)

Coverage Per Bundle . . . . . 100 linear ft  
(when used with shingle exposures up to 6")  
50 linear ft  
(when used with shingle exposures more than 6")

- Product code: 1117000MV
  - Meets ASTM D3462\* & ASTM D3161 Type 1
- \*This product is manufactured to meet or exceed ASTM D3462. See packaging for full details.
